## Report of the independent auditors

pursuant to art. 14 of Legislative Decree no. 39 of 27 January 2010

To the Shareholders of  
Star S.p.A.

### Report on the audit of the financial statements

---

#### Judgement

We have audited the accompanying financial statements of Star S.p.A. (the Company), which comprise the balance sheet as of December 31, 2019, the income statement, the statement of cash flows for the year then ended, and the related notes.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as of December 31, 2019, and of its financial performance and its cash flows for the year then ended in accordance with Italian law governing the preparation of financial statements.

---

#### Elements underlying the opinion

We conducted our audit in accordance with International Standards on Auditing (ISA Italia). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for Auditing the Financial Statements* section of this report. We are independent with respect to the Company in accordance with the rules and principles on ethics and independence applicable in Italian law to the auditing of financial statements. We believe that we have acquired sufficient and appropriate evidence on which to base our opinion.

---

#### Responsibility of the Directors and the Board of Statutory Auditors for the financial statements

The Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with the Italian regulations governing the criteria for their preparation and, within the terms of the law, for that part of the internal control they consider necessary to enable the preparation of financial statements that do not contain any significant errors due to fraud or unintentional conduct or events.

The directors are responsible for assessing the Company's ability to continue as a going concern and, in preparing the annual financial statements, for the appropriateness of using the going concern assumption, as well as for adequate disclosure in this regard. The directors use the going concern basis of accounting in preparing the financial statements unless they have assessed that the conditions for the Company's liquidation or discontinuance exist or have no realistic alternative to those choices.

The Board of Statutory Auditors is responsible for supervising, within the terms of the law, the process of preparing the Company's financial reports.

---

## Responsibility of the independent auditors for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements, taken as a whole, are free of material misstatement, whether due to fraud or unintentional conduct or events, and to issue an audit report that includes our opinion. Reasonable assurance is defined as a high level of assurance that an audit performed in accordance with International Standards on Auditing (ISA Italy) will always detect a material misstatement, if any. Errors may derive from fraud or unintentional conduct or events and are considered significant when they can reasonably be expected, either individually or collectively, to influence the economic decisions made by users on the basis of the financial statements.

As part of an audit performed in accordance with International Standards on Auditing (ISA Italy), we exercised professional judgment and maintained professional skepticism throughout the audit. Also:

- we identified and assessed the risks of material misstatement of the financial statements due to fraud or unintentional conduct or events; we defined and performed audit procedures in response to these risks; we have obtained sufficient and appropriate evidence on which to base our opinion. The risk of not detecting a significant error due to fraud is higher than the risk of not detecting a significant error resulting from unintentional conduct or events, as fraud may involve collusion, falsification, intentional omissions, misrepresentation, or forcing of internal control;
- we have obtained an understanding of internal control relevant to the audit for the purpose of designing audit procedures that are appropriate in the circumstances and not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- we assessed the appropriateness of the accounting policies used as well as the reasonableness of the accounting estimates made by the directors, including the related disclosures;
- we have reached a conclusion as to the appropriateness of the directors' use of the going concern assumption and, based on the evidence we have obtained, as to whether there is a material uncertainty about events or circumstances that may cast significant doubt about the Company's ability to continue as a going concern. If there is a material uncertainty, we are required to draw attention in the audit report to the relevant financial statement disclosures or, if such disclosures are inadequate, to reflect that fact in the formulation of our opinion. Our conclusions are based on the evidence obtained through the date of this report. However, subsequent events or circumstances may result in the Company ceasing to operate as a going concern;
- we evaluated the presentation, structure, and content of the financial statements as a whole, including disclosures, and whether the financial statements present the underlying transactions and events in a manner that provides a fair presentation.

We communicated to those responsible for governance activities, identified at an appropriate level as required by ISA Italy, among other matters, the planned scope and timing of the audit and the significant findings that arose, including any significant deficiencies in internal control identified during the audit.
